

[14th July 2021]

The 2nd Vaccination roll out in Community will take place **next week 19-22 July**. Those that received vaccinations in the first round are now due for their second vaccinations, and must receive these this round to fall within the window of opportunity.

Community who have not yet been vaccinated are encouraged to come along to receive their first vaccinations this round. There will be a third roll out in a further 3 weeks – dates yet to be confirmed.

Vaccinations will take place –

Angurugu Clinic - Monday, Tuesday, Wednesday

Umbakumba Clinic – Monday, Tuesday

Bickerton Clinic – Thursday

The CSP will provide Hot Dogs and Post Vaccination Goody Bags to those vaccinated!

Buses will run in both Angurugu and Umbakumba, with plenty of lollipops on board!

The CSP Staff will be manning the food stations and buses, but if you can spare some time/staff to assist in community, the support would be gratefully appreciated!

Please reach out to your staff and the wider community, an immunised community is a safe community!
