

Groote Archipelago COVID-19 ADVICE #17 – 2 July 2020 – NEW CASE RECORDED IN THE NT

Hi All

Please be aware that the NT has recorded a new coronavirus case, it is a traveller returning from overseas via Melbourne. The traveller completed hotel quarantine in Melbourne on arrival and has been self-isolating in Darwin since arriving in the Territory. We will provide a more detailed update tomorrow.

Please be aware this is the only known case in the NT and there continues to remain zero known cases of COVID-19 in the Groote Archipelago.

Regards
