

Groote Archipelago COVID-19 ADVICE #19 – 15 July 2020 – Additional Hotspots Declared

Hi All

In addition to yesterday's advice around the whole of Victoria being declared a hotspot for the purpose of travel to the NT, and mandatory quarantine at the traveller's cost applying from 17 July 2020, please note that **Greater Metropolitan Sydney** has also been added to the list of hotspots by the Chief Health Officer today.

Please continue to check <https://coronavirus.nt.gov.au/stay-safe/quarantine/hotspots-covid-19> for the latest hotspot information (including maps) and be aware that this list can change at any time. It is suggested that all non-essential travel out of the NT is cancelled at this time.

Please note that resources in Anindilyakwa can continue to be accessed from anindilyakwasafe.net

Regards

Jesse Fatnowna
