

1 hr ·

👤 From midday Friday 3 July, the ARC will open as a multi-use venue to Territorians only (Darwin FIFO and Residents 🟢🟡).

Territorians will be able to access the public area of the ARC. The public area will open daily, midday – late, with a limited food and bar menu.

The ARC also continues as a dry mess for Darwin FIFO. Alcohol will not be served or allowed in the mess. Darwin FIFO can purchase a drink from the public bar during bar open hours but not consume in the mess.

👤 Residents are not allowed in the ARC mess. Residents are required to supervise children to ensure they do not enter the mess.

🤒 Everyone is required to follow the automatic temperature checking instructions on entry. Anyone with a temperature of 37.3 degrees and above will not be allowed to enter.

👍 Let's all do the right thing, otherwise we risk the venue being closed to the public.

Entry requirements to the ARC:

👤 If you are a resident of the Groote archipelago, you must apply for an ARC Card. To obtain an ARC Card you must show valid ID (and proof of residency if ID doesn't show Groote address) and valid liquor permit

🟢 If you are an NT based FIFO employee or contractor who does not reside in the Groote archipelago, you can apply for an ARC Card by showing valid ID with non-Groote archipelago address and your workplace ID

🟢 If you are an NT based bona fide visitor to the Groote archipelago, you can sign in as a visitor by showing your valid ID with a non-Groote archipelago address (you do not need a permit holder to sign you in)

🟡 Interstate FIFO can access the Golf Club takeaway window daily 7:30pm – 8:30pm.
