

## ROADMAP TO THE NEW NORMAL

The NT's Chief Minister has today announced a roadmap to the new normal. The roadmap will be rolled out in 3 stages.

Stage 1 begins at midday, tomorrow, Friday 1 May.

It is a relaxation of some rules that rely on everyone to:

- maintain social distance (1.5m apart from those who don't live in your house)
- practice good hygiene (wash your hands with soap and water, cover your nose and mouth when coughing or sneezing)

New rules that apply to GEMCO operated facilities:

- The playground will be open to residents only
- The outdoor gym area will remain closed for everyone's safety to ensure FIFO / Resident separation
- TasteLife outdoor classes will resume in the near future

The pool will be open under the following strict controls:

- 8am – 6pm Residents only. The changerooms will be open
- 6pm – 8am FIFO only. The changerooms will be closed

During changeover times, the entry door and outdoor shower will be sanitised.

Failure to follow these controls risks the pool being closed.

Remember to always maintain social distancing and good hygiene.

For full details of the changes and future stages, click on the link to the NT Government website:

All other controls remain in place within GEMCO workplaces, on transport, in camp, and in ensuring FIFO and resident separation in town.
