

Dear Customers

We are changing our prescription process for you at the Groote Health Store.

From the 20th April 2020 all prescription orders will be handled directly with Northpharm Pharmacy in Darwin.

CONTACT: Jason **Phone** – 89454999

Fax – 89 450006

Email - northpharm.s100@mytp.com.au

Jason will be coordinating our prescription service and can advise on the process and payment options.

We can offer an Australian post delivery direct to you for an extra cost of \$10, or if you wish we can send them to the Health Store for pick-up from there.

Your prescriptions will need to be dropped into the Health Store to be forwarded to us.

As we will no longer be keeping any prescriptions or repeats on file in the Health Store, we would like to recommend you keep your prescription repeats on file here with us at Northpharm to streamline this process and to avoid any issues with us receiving the original prescriptions.

Please note all prescriptions and repeats currently held on file in the Health Store will be transferred to Northpharm so we can streamline our prescription service to you. If you do not wish this to happen we can return them to you with any future medication orders.
